2020-2021

## About Me

I have just finished my freshman year at El Camino and will be transferring to Biola in the fall as a Public Relations major!

I have grown up at Gardena Valley Baptist Church, and I currently attend the college ministry. I am also involved in the children's ministry, early childhood ministry, and the worship team within our church. I have also served in THE WAVE and the Long Beach Missions Trip throughout my years in high school.

## National School Project

The National School Project seeks to reach every student with the Gospel in every school!

Throughout my 4 years in high school, I was mentored through this ministry as I led the Christian club on my campus. I was able to share Christ with my peers! As I was inspired by this ministry, I now want to empower students to share the Gospel on their campus as I did.

This upcoming school year, I have the privilege of serving as a part-time staff, with the role of an Expansion Lead Coach! I will be personally coaching public school Christian club leaders at one campus on how to share their faith, and I will be overseeing and training college-age volunteers to mentor students at 2-3 more campuses. My area of focus will be partnering with new schools in areas NSP hasn't worked with before.

## How You Can Partner With Me!

- Committing to prayer over God's work through NSP

We need prayer over the hearts of all these students receiving the Gospel, as well as prayer for Christian students as they respond to the call of evangelism!

- Supporting me financially

My goal is to raise \$9,500 that will support me through the entire 10 month school year!
